A Variety of Vendors

More than just corn at our market!

Our new market will offer a large variety of vendors. We want to be more than just a place to jump out and get some vegetables!! Although we will have plenty of those! We

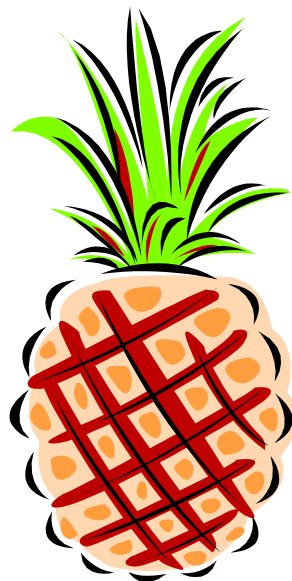

also want our market to be able to showcase some of our local artist and crafters! We want all aspects of homesteading to be presented and available to our community. Some of the types of items that will be available are:

- Homegrown vegetables
- Apples
- Seeds
- Artisan style breads
- Goats milk soap and lotions
- Eggs
- Planter Boxes
- Hand sewn items
- Crochet items
- Jams and Jellies
- Honey
- Items hand carved out stone
- Handmade candles...and much more

Education Station

Education is such a vital part of handing down traditions and teaching the next generation where their food or other items come from! It is the link to insuring that these things will be carried on for generations to come. Therefore an important aspect of our Market will be the Education Station. Here we will offer a wide variety of seminars and workshops on everything pertaining to homesteading, crafting, farming and art. Some of the seminars planned are

- Gardening in a limited space
- Raised Flower Boxes
- Bee Keeping
- Home Brewery
- Soap Making
- Healthy Smoothies & Wellness
